20220914_160041.jpg

- Rare mineral mining
- Keppi the Okapi
 - Example of biodiversity loss
- Aim: Raise awareness
- Recommend longer use of mobile phones

Contributions

This project required collaboration in addition to the following contributions

- Research
- Story-line development
- Origami and scene
- Video creation
 - Shooting the video
 - Voiceover
 - Editing

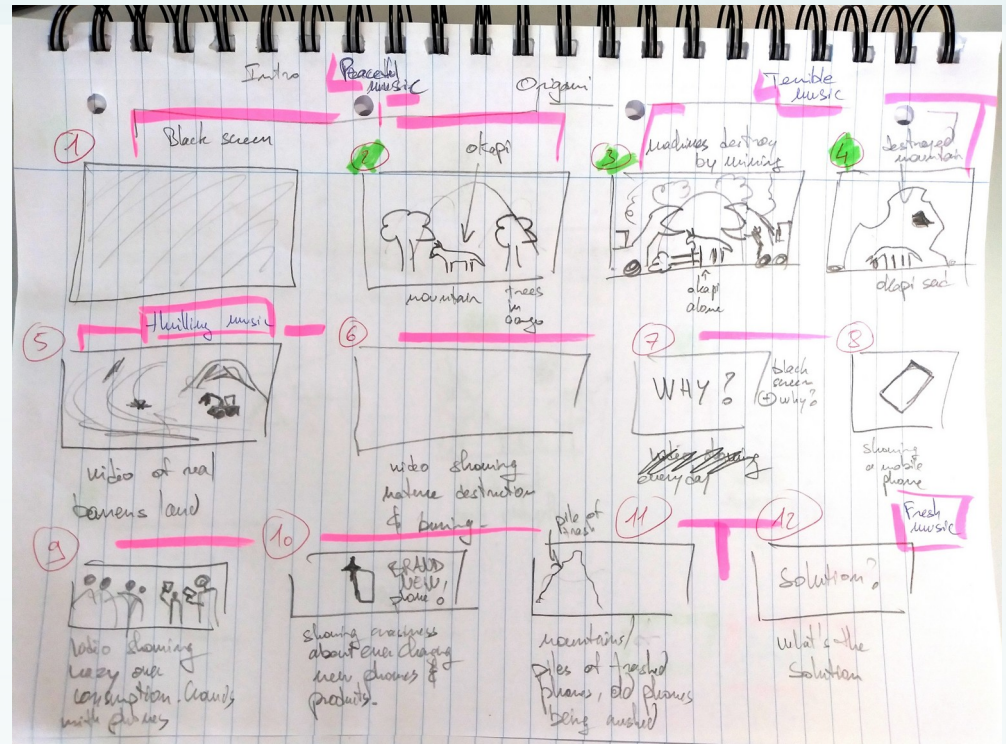

Contributions: Claudia

- Topic
- Research
- Story text
- Story editing
- Structuring the documentation

Contributions: Vincent

- Storyboards
- Story panels
- Video shooting
- Video editing
- Documentation

Contributions: Natalia

- Research
- Media
 - Photos
 - Videos
 - Music
- Documentation

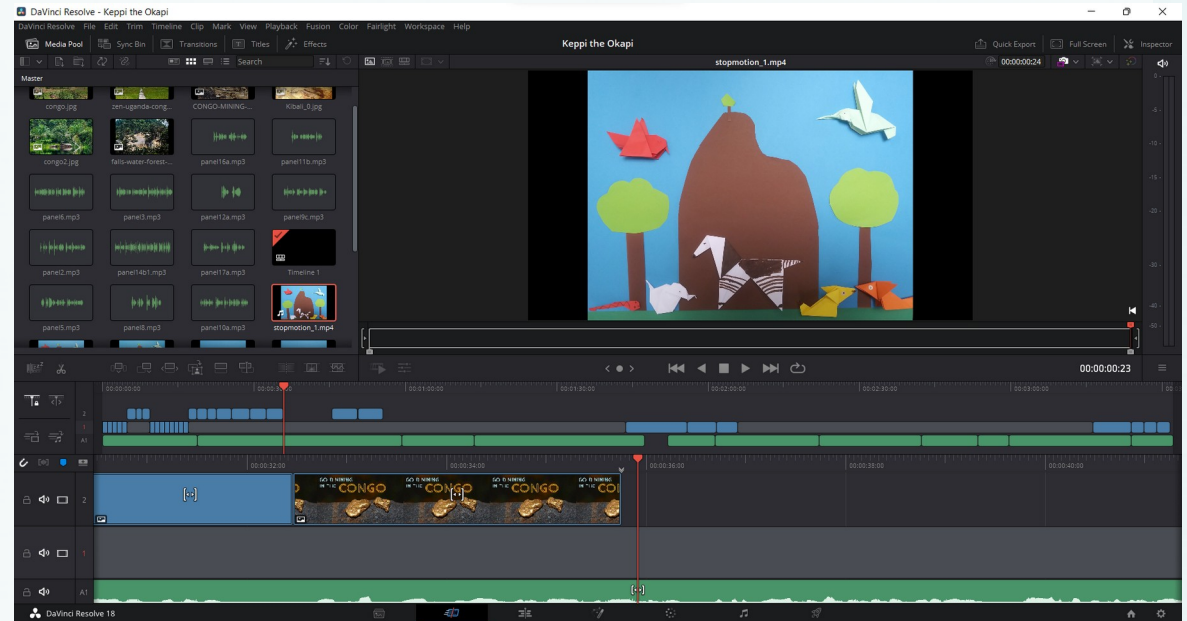

Contributions: Joy

- Research
- Origami
- Scene
- Story editing
- Voiceover
- Documentation

Contributions: Boutros

- Video shooting
- Video editing
- Audio editing
 - Voiceover
 - Music

Joy Pénard 11:25 AM
@Natalia Hi Natalia, we just had a little discussion about the presentation that will happen Friday -
The presentation will only last about 10mn and then play the video,
So that means for the slides, we only need:
• Intro - for an audience that knows nothing about our program; so EPICUR - the course, the goal (learning Agile

Wednesday, September 14th ▾

Daniel 9:27 AM
@Claudia Schrenk done, normally you can see a field name "Acceptance criteria"

Joy Pénard 9:27 AM
My attempt at an okapi...

Natalia 9:28 AM
oh it's so cute 🥰
👍 1 🥳

Vincent Vogel 9:28 AM
ho excellent @Natalia: then just store your document(s) on Confluence so we can access it right after the morning meeting. Check the tasks in Jira and update anything needed 😊
+ please wait before searching for more photos. We will probably need you today to hunt for "video footage" we can use. It will be quite specific, so we will produce a list of what we still need.

Natalia 9:29 AM
Ok Vincent.
